 - **If trying out for both cheer and song teams, you can come back and edit your application response to include the 2nd set of videos for cheer tryouts by the due date. YOU only need to submit one Personal Interview Video if you're trying out for both teams.**

If you have any difficulties uploading the videos through the form, you may upload them to Youtube (you can do this privately without videos being public), and send us the link at the bottom of the application form (or use Dropbox or a similar file sharing site). The last resort is to email us the videos and if they're too big to email (which they usually are), you'll need to use a large file transfer service like wetransfer.com or something similar. If you do have to email it to us, please send us ONE email with all the links to all the videos rather than 6 separate emails. And we would really appreciate it though if you could upload it somewhere with a link rather than emailing.
